Located on the Army and Navy Academy oceanfront campus in Southern California, Academy by the Sea offers a wide range of dynamic opportunities for students and campers. During the traditional school year, the Army and Navy Academy operates as a college-preparatory boarding school for boys. Each summer, the campus is transformed into a co-educational environment hosting a unique mix of students, teachers, and camp counselors from all over the world.

Academy by the Sea’s programming is designed to enrich each participant’s character through academic pursuits, recreational activities, and leadership training. Selections for summer include: Camp-Brain Credit, Camp-Brain Enrichment, Camp Challenge (JR/ROTC Leadership), Camp Challenge Jr. (Middle School Leadership), Camp Pacific Classic, Camp Pacific Adventure, and Camp Pacific Summer Days.

Students and campers receive instruction that is specialized to their areas of interest. While portions of participants’ days are dedicated to academic and skill classes, the remainder is devoted to the pursuit of various recreational and social activities. This schedule allows time for students and campers to take advantage of new recreational opportunities and build unique relationships with their peers.
